RATE INCREASE NOTICE

NOTICE OF PUBLIC HEARINGS FOR XCEL ENERGY MINNESOTA CUSTOMERS

Xcel Energy has asked the Minnesota Public Utilities Commission (MPUC) to approve an increase to natural gas rates beginning January 2024. The requested increase is approximately 9.6 percent or \$59.03 million. On average, the proposed final rate change would increase the bill for a typical residential natural gas customer by \$6.93 per month.

The MPUC may either approve, deny, or modify the requested changes, including approving a lesser or greater increase than was requested for any customer class or classes of service.

The MPUC will likely make its decision on our rate request in the first quarter of 2025. If final rates are lower than interim (temporary) rates, we will refund customers the difference with interest. If final rates are higher than interim rates, we will not charge customers the difference.

If you move before a refund is issued and we cannot find you, your refund may be treated as abandoned property and sent to the Minnesota Department of Commerce, Unclaimed Property Unit. You can check for unclaimed property at www.missingmoney.com. To make sure we can send you any refund owed, please provide a forwarding address when you stop service.

Public Hearings

Administrative Law Judge Suzanne Todnem will hold six in-person public hearings and two virtual public hearings so that customers have an opportunity to comment on our request. Any Xcel Energy customer or other person may attend or provide comments at the hearings. You are invited to comment on the adequacy and quality of Xcel Energy's service, the level of rates, or other related matters. You do not need to be represented by an attorney. The hearings will begin at their scheduled time and adjourn after everyone present has had an opportunity to comment or ask questions.
